Lion Dance[®] Video Slots

Lead the way to prosperity.

Benefits and Features

- This theme is based on the highly popular Coin O Mania™ Video Slots
- The base game is packed with action, featuring two wild symbol bonuses and multipliers that build anticipation with every spin:
 - **Wilds bonus:** during any spin, up to five coins per reel may spill from the chest above the reels. Coins are collected in the wilds bonus area below the reels and are sent up into the corresponding reels as wild symbols if all five wild spots are filled in the bonus area below the reels. Coins can also carry multipliers of up to 20X, creating big-win opportunities with compounding multipliers.
 - **Chest bonus:** a treasure chest symbol in any position on reel three triggers the chest bonus. This bonus initiates the wilds bonus in the same fashion, but also adds an additional wild symbol to each reel. If a wild symbol lands on an existing wild symbol, the multiplier is increased by 1X.
- Players are awarded 15 free games when three free games symbols land on reels two, three, and four. During the free games bonus, the wilds bonus and chest bonus are active, and additional treasure chest symbols are added to reel three for increased bonus opportunities.
