

EZ Pay[®] Card Accounts

Cashless — It's in the Cards

Reduce operational costs, increase gaming revenues and grow loyalty with the latest in account-based wagering technology from the leaders in cashless innovations: IGT

Now you can give players the option to easily move funds from game to game using their club card. And integration with most patron management, point-of-sale and hotel systems means players gain quick and easy access to their gaming balances, players club rewards and property services and amenities using a single card

Differentiate your players club, grow membership and increase carded play while delivering a secure, single card solution that spans every outlet.

Benefits

- Reduce operational costs, slot drops and paper needed for ticket payouts
- Increase club membership and drive carded play
- Maximize guest activity at your property with a true single-card solution

Turn your players card into so much more. Contact your IGT Account Manager.
