IGT Cobalt™ 23 Gaming Machine

Find your element.

Expertly crafted, the Cobalt™ 23 Gaming Machine is a shining example of IGT's commitment to thoughtful design that enhances the player experience. Outfitted with two high-definition 23" screens, a familiar static button panel, and integrated cabinet lighting, this cabinet is designed to fit your unique needs and forge new opportunities for your floor.

- Built to be easily serviceable and durable to reduce strain on staff resources and minimize downtime
- Ergonomic design with modern comfort features and conveniences to attract players and maximize time on device
- Offers traditional upright advantages of increased visibility with a reduced floor footprint
- Provides an enhanced yet familiar player experience with improved monitor resolution, intelligent cabinet lighting, and elevated celebrations that keep players engaged

Player Experience

- **Static Button Panel**
 - Market proven
 - Large panel with increased wrist support
 - Traditional IGT video poker button spacing and feel
- **Improved Monitors**
 - Large 23" full HD LCD displays
 - Multi-touch screen on main display
- **Intelligent Cabinet Lighting**
 - Built with the same tools as the S3000® and Crystal Series cabinets
 - Sync lights to game experience
 - Banked lighting with no additional hardware for basic functionality
- **Game Library**
 - Supports a dedicated Ascent® video poker content stream

Intelligent Cabinet Design

- **Improved Serviceability & Durability**

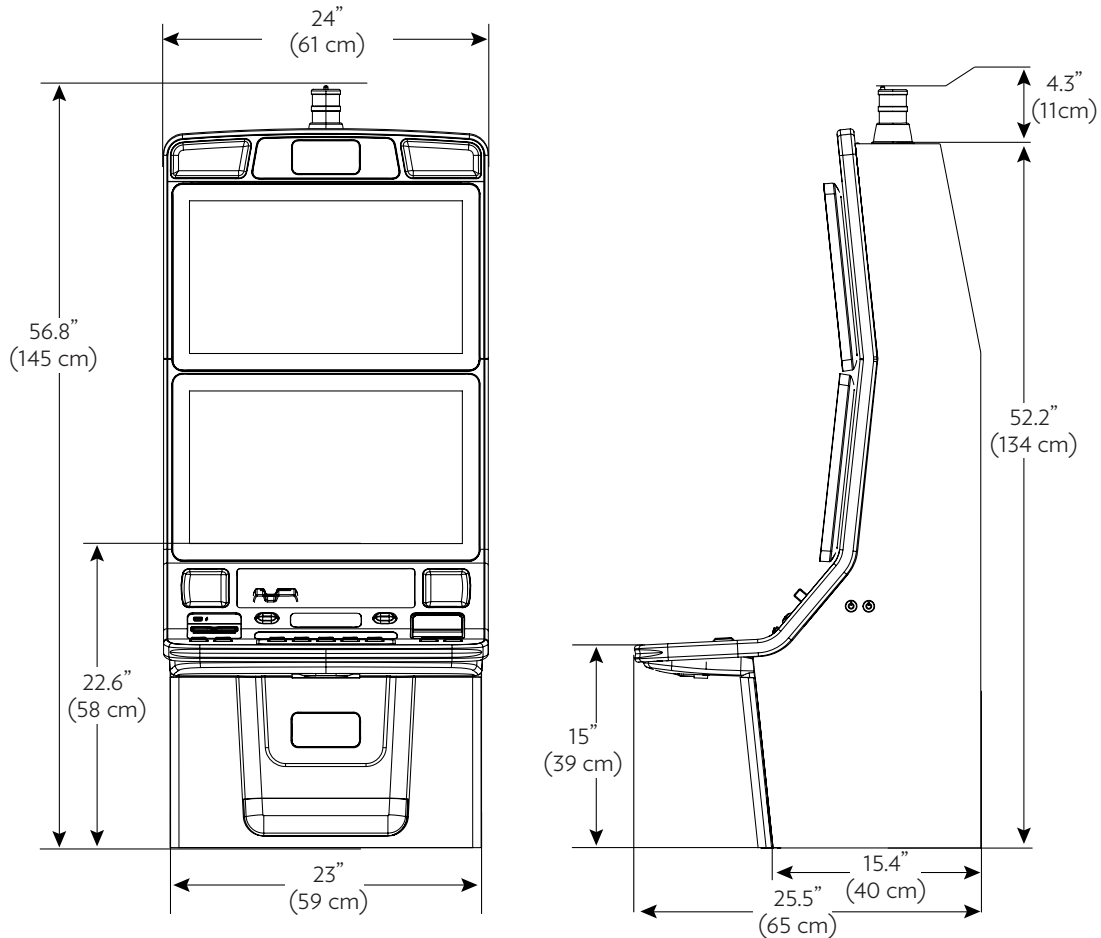

- Improved access to commonly serviced components
- Vertically opening main door provides access to bill validator head and printer
- Swinging lower door for cash box access
- Externally accessible air filters
- Decreased installation time
- Integrated grip on top and sides of machine to assist with moving

- **More Ergonomic**

- Display position caters to a wide range of player heights and body types
- Screen sizing optimized to keep game content within player's field of vision

- **Built-in External USB Charging Port**

- Players can charge their phones or other USB-powered devices at the machine for extended, uninterrupted play sessions
