## Mobile Responder

### Empower Efficiency

Increase floor uptime with a mobile system that keeps you and your employees in control. IGT's Mobile Responder automatically senses and reports events on the casino floor.

You and your employees can quickly accept and assign tasks. Keep employees empowered and motivated by letting them choose their tasks among the priorities that you set.

Empower your floor staff and managers. Contact your IGT Account Manager.

### Benefits

- Improve response time to guests with detailed, real-time notifications
- Improve floor health and increase coin-in with proactive maintenance
- Evaluate staff efficiency with KPI tracking

### Features

- Cost-efficient app works on any Android™ device
- Prioritization of EGM incidents
- Comprehensive Comments documentation
- Written, audio and photo comments
- Incident status tracking
- Escalation of unresolved incidents
- Configurable off floor settings for breaks, vendor assistance and more
